NOTE: This certificate attests compliance with one or more of the Rules, Rules, standards or conditions of ABS or a statutory, industrial or manufacturer's standards. It is issued solely for the use of ABS, its committees, its clients or other authorized entities. This Certificate is a representation of, and shall be a strict condition of material, equipment, machinery or any other item covered by this Certificate, as mentioned in the Rules, Rules, standards or conditions of ABS or of the donee of issue. Parties are advised to review the Rules for the scope and conditions of classification and to review the survey reports for a full description of any restrictions or limitations on the vessel, its service or its users. The validity, applicability and interpretation of this Certificate is governed by the Rules and standards of ABS which is deemed to be a judge thereof. According to paragraph 1.4, notes on issues in connection with this certificate shall be deemed to be relevant, design, builder, owner, manufacturer, seller, supplier, receiver, operator and other entity of any vessel or equipment.
